## NOTES FROM OUR TOURING LIFE: OUR NOTORIOUS SUMMER JOURNEY SO FAR

2015 is a banner year for the Notorious Scene bands if only for the gigs outside our hometown that we played in. Visiting another scene is always an eyeopening and refreshing experience when you get to meet and mingle with people who may speak a different language but share the same passion for music and understand the roots of your ideology. Summer officially kicked off with a gig held at the Liwa-liwa Beach Resort in San Felipe, Zambales on March 7, 2015. March 18 to 23, 2015 marked the Mindanao tour of the NS and Eksena Lokal Radio which brought us to Polomolok, South Cotabato, Gen. Santos City, Davao City and Island Garden City of Samal.

HARDCORE PUNK BAND FROM DOWNUNDER COLD GROUND IS COMING OUR WAY THIS MAY 2015! CATCH THEM AT THE GIG NEAREST YOU!

We only have but great memories of the long, tiring and yet fruitful journey which spanned about 700 kilometers all over Mindanao and had us spending most of our waking moments in a cramped van. The visiting bands were warmly welcomed by our friends from the Southcore and City of Thorns crew and were taken around to see some tourist sites as well. It was a privilege to play with some really good bands from Mindanao including those coming from Malaybalay City, Bukidnon as well as the local bands in our host scenes GenSan and Polomolok and Davao City and Samal. We hope that we can bring other NS bands back to the south in another time. April 11, 2015 found us in Santa Rosa, Laguna visiting our brothers and sisters from the Laguna HC scene. It was also a fun gig and a

great time to catch up with our friends from South Luzon who have always been supportive of our scene here in Pampanga. On May 2, 2015 it was also our turn to visit our neighboring scene in Tarlac City where a tribute gig was held in honor of the victims of the Hacienda Luisita Massacre. During gigs outside of our own scene we meet new and old friends alike. We become aware of how scenes are similar and different at the same time. Visiting new places is a learning experience like no other. It helps us to understand the world a little better and appreciate it more. Since underground scenes are almost universal, there is a big chance that whatever place you visit might have one. One of the things that we could look forward to in traveling is not just the local sights and cuisine but also the music that is homegrown and unique to each locality. Moreover, visiting another scene can pave way for mutual support and future collaborations. In the mean time, Notorious Scene would like to thank all those who have hosted us, whether we came invited or not, and made our trips memorable. See you again in some future gig, in Pampanga or otherwise. We hope that you can also visit and play in our hometown soon! Touring in Pampanga? Send us a message on Facebook at Eksena Lokal Radio or Notorious Scene Pampanga. :) (Chinkee)

## Hardcore=Respect

Some kids who think that hardcore is just a fashion statement fail to see that it is a way of life and that there are values that make it real. I have been in the underground and hardcore scene since the 90s. The scene is like branches on a tree, we all grow in different directions yet our roots remain as one. One of the most important and deeply rooted values that I believe in and live with is respect. Respect cuts across borders and boundaries, regardless of age, wealth, race, creed, gender, or belief. In a highly opinionated world that we live in, people sometimes tend to impose on others their own biases and beliefs. But hardcore teaches us more than that. Hardcore has taught me to stand my ground for what I believe in and to

keep it real. Beyond this I have never imposed my own lifestyle on other people. I meet people from different walks of life who are surrounded by their own principles. I try to understand and respect them as much as I can. In our lifetimes, we might meet some people who discriminate against us or plainly do not like us, but we should not let such things bother us. Their words, thoughts and actions make up their own reflection, and does not reflect or define the kinds of persons that we are. People who accept us will always accept us with all our choices, faults and frailties. The Hindu greeting of namaste sums it up: "I respect the being in you as much as you respect the being in me." (Bruno Marvz)

## Postcards from the edge: STRENGTH RELEASES NEW DEMO IN P-TOWN

Here's what Kevin of Strength has to share about their new EP launched on August 8 in Polomolok, South Cotabato this year: "We the Strength Band Just released our very first demo party last Aug.8 2015 for us this is a milestone for this band we are different individuals but have the same passion and that is Hardcore Punk we unite in the underground scene. Our songs are all about revolutions! Pride song tells us to stand and to choose who you are and what you will be this is a revolution of once self to think straight and to keep once promise. Status of life songs tell us about the revolution for our society today that's why we are asking of what happen to the equality, liberty, and unity government today holds no

unity many issues, scandals that trigger the youth to do it, is this Philippine Democracy?! Abuse of power, terrorism, there is no equality in that! Down to poverty song this is a revolution to us people to see bigger scale of others life point of view. This is not new to us this is very old problem of our country but others taking it for granted it's hard to see kids, young ones suffer in this dark world dying in the streets, hunger no proper shelter no proper education! In this we write this song so that somehow others will see what's really happening in the real life! That's why we agree to have this show and made these songs because we want to touch other people's mind to be awake to fight what is right to fight the freedom to fight the abuse! This is our revolution this is Strength Hardcore Revolution! We don't want your money! We just want our voice to be heard!"

## PD to front act in Sick of It All HK leg

We just heard the great news that our brothers from the Laguna Scene Piledriver will be playing with bands from CNHC Fight Club and King Ly Chee in the Hongkong leg of Sick of it all's Asian tour on October 4, 2015. PD is one of the most active and hardworking bands in the Philippine hardcore scene and it will not be the first time that they will be playing in HK. The band truly contributes in putting the Philippines in the worldwide hardcore scene.

## Inbox: MINDANAO HC FEST 2015

*Mindanao's youngest but fastest rising scene from Cagayan De Oro City, Rising City Hardcore, plays as host of this year's Mindanao Hardcore Fest on August 29, 2015. Here's our little chitchat with Pam Renabor of Dienasty on their preps for what could possibly be the biggest and most fun show in that part of the country.*

BU: Can you tell us about the preparations for this year's mindanao hc fest which is hosted by your scene Rising City HC?

Pam: Pretty much just a typical mindanao hardcore fest show.. DIY style and nothing really fancy.. because our main point of this event is to gather, bond with each other.. mindanao hardcore is tight close real friends.. we do this for us to atleast get together every year..

BU: How do you encourage bands from outside Mindanao to attend your hc fest? it's pretty amazing how the mindanao hc fest has a following from all over the philippines.

Pam: Well, mindanao hardcore is a huge scene where there are 7 active cities.. and so many kids who just love hardcore music and lifestyle..bands from visayas and luzon should try playing in mindanao, not just for this fest but try to set a date to tour mindanao for them to see how the scene is going here.. not huge as luzon has but its tight

and true

BU: what do you think makes the mindanao scene distinct and unique on its own?

Pam: Mindanao hardcore scene has nothing unique.. maybe just the people the attitude and believes.. but the scene, pretty much the same

BU: What can we expect from the mindanao hc fest this year?

Pam: This year, as a host of this event(RICHC) and being the youngest crew of Mindanao hardcore.. we will do our best to make this fest successful.. and of course the aim to have fun on the show nothing else..
